## About Me

Enthusiast in science, art, and tech related. Interested in data related work such as data analyst or business analyst. Experienced in data visualization, quantitative research, and data collecting.

## Education

SMAN 4 Bandung  
(2013-2016)

Padjadjaran University

Faculty of Mathematics and Science Studies  
Major in Strata I of Statistics (2016-2021)

## Work Experience

### Administrator

at P4TK TK & PLB (Aug-Dec 2020)

I'm hired as admin and operator to assist lecturer and participant student on technical issue, along with other freelancer. I've managed 5 class of 20 participants each. from several region in Indonesia (Riau, Aceh, Jawa Barat, Jawa Timur).

### Data Analyst and Consultant

at Jatinangor Research Centre (Feb 2018-Dec 2019)

Here I'm practicing my skills as a data analyst with my colleague at campus. We negotiate with our client, analyze their problem and present our findings, client here are mostly student as well that currently working on their final assesment or thesis.

### Staff Intern

at Diskominfo Kabupaten Bandung (Jul-Aug 2019)

This internship placed in Statistics and Coding Department in Dinas Komunikasi, Informatika dan Statistik Kabupaten Bandung. When i work here, i'm managing and calculating data in Excel and do questionnaire data input to Diskominfo website.
